

Liebenfels, 2024-11-01

We are **Pionsys**® Informationstechnologie GmbH - a dynamic and enthusiastic team that is constantly developing itself. The creation of efficient and innovative systems is our daily business. Very important to us are regular **further trainings**, **personal development** and **fun at work**!

Our most important values are:

- respectful communication with each other
- a friendly and positive work environment
- pronounced customer orientation
- structured and attentive way of working
- practiced sustainability

We are looking for:

Senior C# Software Developer (m/f/d)

(hybrid workplace, place of work 9556 Liebenfels)

Our daily and your future tasks:

```
public class Pionsys
{
    public int RunDailyTasks()
    {
        // creation of specifications for the development of software and firmware
        SoftwareDevelopment.CreateSpecification();

        // development of software for Microsoft Windows
        SoftwareDevelopment.ImplementCode(OS.OSWindows);

        // test of software
        SoftwareDevelopment.Test(UnitTests | ManualTests);
        return Status.StatusDone;
    } // RunDailyTasks
} // Pionsys
```

We expect from you:

- very good programming knowledge around:
 - C# 9.0 or newer
- very good German and English knowledges
- a well-structured and careful way of working
- very good knowledge of agile development methods
- ability to work in a team and reliability

What you can expect from us:

- very exciting and interesting, international software and firmware projects with changing areas of responsibility
 - e.g.: measurement data acquisition and analysis, industry 4.0, 3D printing, ...
- regular technical trainings
- flextime model for an active work-life balance
- staff kitchen and parking place

Hard facts:

- Long-term and unlimited employment as a computer scientist (permanent employment)
- Classification according to the current IT collective agreement
- Place of work: 9556 Liebenfels, home office is possible depending on the project and agreement
- Working Time: full-time, 38,5 hours per week, Monday to Friday
- Start of Work: immediately or by agreement

We offer a starting salary of at least **€ 4.425,00 gross per month**. Depending to your qualification and your professional experience, a higher starting salary can be agreed.

Our job profile is your chance? And you would like to take your chance for further personal development?

Then don't wait long and send us your application documents to jobs@pionsys.com!

Contact person: Ing. Markus Haas

We look forward to meeting you soon!
